ATTACHMENT (S): Analysis Sheet (1p)
Scope of Work (2p)

SUMMARY STATEMENT: On May 14, 2026, the Matanuska-Susitna Borough Purchasing Division issued a solicitation requesting bids from qualified contractors to upgrade and improve the drainage and subgrade along 1,800 linear feet of W. Herkimer Drive and South Spring Drive. This project will involve clearing, grubbing, excavation, import and placement of borrow material, import and placement of aggregate base and surface courses, installing drainage culverts and placing topsoil and seed.

Construction Services purchased will support the Public Works Department in assembly district #7.

In response to the advertisement, five bids were received. Award recommendation is being made to Northern Asphalt Construction Inc. as the lowest responsive and responsible bidder based on Total Bid Amount.

The final completion date for this project is July 15, 2027.

This project is funded by the Matanuska-Susitna Borough local road service area funds.

In accordance with MSB 3.08.170(B), Administration requests authority to modify the resulting contract completion date by 90 days for unforeseen circumstances.

The Public Works Department, Project Management Division, will be administering the contract.

RECOMMENDATION OF ADMINISTRATION: Approve the subject action memorandum.

BID 26-173B

Construct W. Herkimer Dr. and S. Spring Dr. Improvements

SCOPE OF WORK

General

This project's purpose is to upgrade and improve the drainage and subgrade along 1,800 linear feet of W. Herkimer Dr. and S. Spring Drive. This project will involve, but is not limited to, clearing, grubbing, excavation, import and placement of borrow material, import and placement of aggregate base and surface courses, installing drainage culverts and placing topsoil and seed.

This project is located in Wasilla, off the George Parks Highway near MP 51. See project location and vicinity maps.

All construction shall be completed in accordance with the current Alaska Department of Transportation and Public Facilities (ADOT&PF) Standard Specifications for Highway Construction (SSHC) 2017 Edition. Project specific special provisions are provided in the following sections. The requirements contained in these specifications and special provisions are hereby made a part of this solicitation and resultant contract.

Work Description

- Supply labor, equipment, materials and supplies to perform the required work as shown on the construction plans for MSB project number 30047-6693.
- Contractor is to provide resources to complete this project without any adjustments in the original bid amount or contract time.
- Contractor is required to obtain an ADEC APDES permit prior to utility relocation activities. Utility relocation work done by the utility companies will be performed under this permit.
- The Contractor is required to submit a Borough Construction Permit application for any partial or full road closures. The application shall be coordinated with the Borough Project Manager, and the project number must be clearly referenced on all submitted materials.
- Contractor shall coordinate the road improvements with all utility relocation work. Request locates from the utilities having facilities in the area. Use the Alaska Digline, Inc. Locate Call Center. See Section 105-1.06 for digline number and a list of utility companies in the area.

Upon Notice to Proceed (NTP), the contractor shall complete right-of-way (ROW) and utility easement staking, clearing, and all necessary SWPPP items to support utility relocation. This work shall be included in items 201(3B), 642(1), 641(1), and 641(3). Any additional stump removal required for utility support will be directed as needed and is not included in these items. The utility relocation plans included with this bid identify the additional support areas. The utility contacts are as follows:

ENSTAR

Arlon Mongeau

Dispatcher/Supervisor

Cell: (907) 782-6090

arlon.mongeau@enstarnaturalgas.com

- Work Zone speed limit: Limit speed of vehicles associated with construction to 25 miles per hour within project limits.
- The Contractor shall provide a proposed construction schedule. The Contractor shall update the schedule periodically or as requested.
- The contractor must designate a primary point of contact for public inquiries related to the construction project. The contact person's details must be submitted to the MSB Project Manager within seven (7) days of the contract award. This information will be included in all construction notices distributed to residents in the project area. The designated contact must be accessible during normal business hours, capable of addressing resident concerns, providing updates, and coordinating any project-related issues with the MSB Project Manager. The contractor is responsible for keeping this contact information accurate and up to date for the duration of the project. Any changes must be communicated to the MSB Project Manager within two (2) business days. Additionally, the contractor must ensure that the designated contact is trained and prepared to handle public inquiries effectively, including addressing complaints and providing timely responses.
- Complete work between 7am and 7pm. Extensions will be considered and approved by MSB Project Manager or Inspector.
- Time is of the essence. All work shall be substantially complete no later than **October 02, 2026**, and Final Completion shall be obtained by **July 15, 2027**.
- Estimated project magnitude is less than **\$360,000**.
