ATTACHMENT (S) : Analysis Sheet (11 p)
 Scope of Work (2 p)
 Fiscal Note Yes

SUMMARY STATEMENT: On March 15, 2024, the Matanuska-Susitna Borough Purchasing Division issued a solicitation requesting bids from qualified contractors to perform annual road maintenance for RSA 25 Bogard. Services purchased will support the Public Works Department in assembly districts 1, 4 & 6.

In response to the advertisement, two bids were received. Award recommendation is being made to McKenna Brother Paving as the lowest responsive and responsible bidder based on Total Bid Amount.

The term length for this agreement is for one year with two additional one year renewals (potentially three-year contract), subject to annual appropriation of funds by the Borough Assembly.

In accordance with MSB 3.08.170(B), Administration requests

authority to modify the resulting contract completion date by 90 days for unforeseen circumstances.

RECOMMENDATION OF ADMINISTRATION: Approve the subject action memorandum.

MATANUSKA-SUSITNA BOROUGH

SECTION 102 SCOPE OF WORK

- 2.0 Description.** The work consists of performing year-round routine maintenance. Work may also consist of periodic maintenance or public construction that is approved by the Borough prior to commencement. The Contractor shall complete all work in accordance with the Contract.
- 2.1 Roads Approved for Maintenance.** The Borough's GIS dashboard (<https://matsugov.us/roads/maintenance>) identifies the road service area (RSA) boundary and the road maintenance classifications included in this Contract. Mileage shown in the bid documents is for road assets approved for maintenance within this Contract. The Borough shall provide written notification to the Contractor of any changes in approved service area road mileage or road maintenance classification.
- 2.2 Services.** The Contractor shall provide services to the Borough for all approved road maintenance classifications within the RSA and shall identify, prioritize, and plan services in accordance with the terms of this Contract. Services are comprised of three general activities as follows:
- A. Routine Maintenance.** Routine maintenance includes the daily monitoring of road assets and the work required to conform to the Specifications for Road Maintenance.
 - 1. Work includes activities and response to conditions that are both predictable and unpredictable in nature.
 - 2. Payment for routine maintenance shall be made on a per mile basis as shown on the Bid Form.
 - B. Periodic Maintenance.** Periodic maintenance is work typically performed at certain intervals to provide protection, decrease the rate of deterioration, and preserve integrity of road assets.
 - 1. Periodic maintenance requires written authorization in the form of a Purchase Order (PO) from the Borough prior to commencing work. The amount of the PO cannot be exceeded without the Borough's written approval.
 - 2. The work is required to conform to the Specifications for Road Maintenance and the Alaska Department of Transportation & Public Facilities Standard Specifications for Highway Construction (2017).
 - 3. The annual quantity of work can be reallocated every contract year to meet the needs of the RSA.
 - 4. Payment for Periodic Maintenance shall be made at the contract unit price for the quantity of authorized work completed and accepted during the billing cycle.
 - C. Public Construction.** Public Construction is work that includes rehabilitation, alteration, extension, or repair of roadways.
 - 1. Public construction requires written authorization in the form of a PO from the Borough prior to commencing work. The amount of the PO cannot be exceeded without the Borough's written approval.

2. The annual quantity of work can be reallocated every contract year to meet the needs of the RSA.
3. Payment for Public Construction shall be made at the contract unit price for the quantity of authorized work completed and accepted during the billing cycle.
4. Public construction work shall not pay less than the current prevailing wage rates as described in Alaska Statute 36.05.
5. The work is required to conform to the Alaska Department of Transportation & Public Facilities Standard Specifications for Highway Construction (2017)

2.3 Three (3)-Year Anticipated Work Plan. The Borough shall provide to the Contractor a Three-Year Anticipated Work Plan in a format determined by the Borough:

- A. By no later than 120 days after Notice to Proceed for the first contract year;
- B. Each year thereafter on or before March 1 of each contract year (if the contract is renewed); and
- C. As soon as reasonably practicable within the current contract year, if the Three-Year Anticipated Work Plan is amended by the Borough.

2.4 Additional Work. The Borough may request Contractor to perform additional work that is not routine maintenance, periodic maintenance, or public construction. Contractor shall provide a proposal for requested additional work to the Borough for acceptance, including a description of the work to be completed and the price. Compensation for additional work will be at the agreed price. The Contractor's proposal for additional work shall be based on the equipment rates provided at the time of bid, and incorporated herein.

- A. Additional work completed without the Borough's approval will not be paid.
- B. Nothing in this Contract is intended to restrict the Borough from hiring other contractors to perform work. The Borough may use other contractors to complete work.

2.5 Equipment. The Contractor's rates for equipment are shown in contract documents. Rates will cover per hour, with operator, and shall include all operating and maintenance costs associated with the equipment. Hourly rates include depreciation, indirect ownership costs, major overhaul cost, fuel, lubricants, repair and labor and parts for maintenance. Service vehicle and service personnel shall be included in the rates.

- A. The Borough will only pay transport charges for haul-in and haul-out of crawler-type equipment and vibratory compactors. Once equipment is unloaded, the transport will be released unless directed, in writing by Borough personnel to remain. The Contractor shall be compensated for mobilization and demobilization of crawler type or vibratory compactor equipment by charging for the actual equipment used hauling the equipment. No compensation will be made for the equipment that is being hauled until it is placed into actual productive operation.

2.6 Changes to Contract. Changes to the Contract must be in writing and can only made by the Borough. Contractor shall not perform work on any road, bridge or pedestrian facility not shown on the GIS dashboard unless otherwise provided by written change order issued by the Borough. The Borough may adjust road mileage or modify any road maintenance classification by issuing a change order to the Contractor.

SOLICITATION 24-121B
Annual Road Maintenance
ROAD SERVICE AREA (RSA 25) - Bogard

Having carefully examined the Project Plans and Specifications and all Bidding and Contract Documents as listed in the "Table of Contents" and in compliance with the "Invitation for Bids", the undersigned hereby proposes to furnish all materials, labor, equipment, and supervision necessary to complete this project for the Matanuska-Susitna Borough in full accordance with the Bidding Documents.

The bidder shall insert a Unit Price per Mile and a Total Bid Amount opposite the Line Item that appears in the Bid Schedule. All erasures, strike-through, white-out and/or corrections made on this form must be initialed.

Award will be based on the weighted Bid Amount to include Schedule A, Schedule B and Schedule C plus and selected deductive alternates.

SCHEDULE A: ROUTINE MAINTENANCE
