SUMMARY STATEMENT: On July 1, 2019, the Matanuska-Susitna Borough Purchasing Division issued a solicitation requesting Proposals from qualified firms to provide Developer services for the Borough's Govern enterprise system. Govern is used to appraise, assess and tax property, collect property and other self-assessed taxes, and manage lands including permitting, platting, compliance and land management. As the new OpenForms system is brought on-line, the Borough will need a qualified programmer to assist Borough staff with the configuration of the system and development of the 'Forms'. These forms will be the primary interface between the users and the system. This is where data is input, functions performed, and reports created

In response to the advertisement, one proposal was received. The Information Technology Director evaluated the proposal and

determined that Resource Data, Inc. would be most advantageous for the Borough.

The contract period of performance begins on August 22, 2019 and ends on June 30, 2020. The Information Technology Department, Operations Division will be administering the contract.

In accordance with MSB 3.08.170(B), Administration requests authority to modify the resulting contract completion date by 30 days for unforeseen circumstances.

RECOMMENDATION OF ADMINISTRATION: Award of **PROPOSAL NO. 20-012P, INFORMATION TECHNOLOGY DEVELOPER CONSULTING SERVICES FOR GOVERN to ALASKA IT GROUP** for the contract amount of **ONE HUNDRED SIXTY THOUSAND AND 00/100 DOLLARS (\$160,000.00)**.
