

The intent of this amendment is to make sure that in the future, if the Assembly wants to continue this tax, the Assembly must affirmatively vote to continue it. When the Manager prepares the FY 2028 budget and the Assembly debates and considers that budget, the Assembly can also consider amending this ordinance to continue it, or let it expire.

Expiration on June 30, 2027 will allow for of collection in the full year of 2026 and time to parse and report as the Manager prepares the FY28 budget in the spring of 2027.

Therefore:

I move to amend Ordinance Serial No. 25-076 by adding a new section to read as follows:

**MSB 3.80.280 Expiration.**

**The ordinance codified in this section shall expire on June 30, 2027.**
