XII. MAYOR, ASSEMBLY, AND STAFF COMMENTS

Assemblymember McKee spoke to her appreciation of the Assembly holding differing viewpoints while still treating one another with respect. Noted that she valued the discussion that took place.

Assemblymember Bernier thanked everyone for attending and offered a prayer.

Assemblymember Nowers echoed the comments of Assemblymember McKee. Queried whether information could be provided regarding the number of books or other items checked out of Borough libraries. Noted that the Platting Board had indicated it lacked sufficient information to provide advice on Ordinance Serial No. 25-102. Stated that it is important that when the Assembly refers legislation to a board for input, the board is provided with as much relevant information as possible. Commented that a standardized form could be created to accompany referrals, outlining the specific input the Assembly is seeking.

Assemblymember Sumner noted that he would be attending the upcoming Platting Board meeting at which the legislation will be considered and that he intends to testify regarding the overall intent of the legislation.

Mr. Brown noted that Governor Dunleavy has requested a review of the tax framework for the possible liquid natural gas line. Related that he recently attended a meeting with representatives from the five affected boroughs that the proposed natural gas line would cross. Advised that a bill may be introduced that could lower the mill rate for the pipeline below what is typically applied to energy infrastructure. Related that he will bring proposals back to the Assembly and request that the body take a position to present to the Legislature. Stated that he intends to have legislation before the Assembly by the first meeting in February.

Assemblymember Bowles spoke to the volume of input he received from constituents opposed to Ordinance Serial No. 25-102. Opined that smaller lot sizes could turn the Valley into Anchorage. Spoke to ongoing concerns regarding libraries and children's access to inappropriate materials. Stated that while he supports free speech, that ensuring that pornographic materials are not accessible to children is not a free speech issue. Expressed appreciation that Assembly members feel comfortable reaching out to him regarding reconsideration of legislation.

Assemblymember Gamble spoke in opposition to having numerous lengthy presentations during a single meeting. Thanked Assemblymember McKee for her input on Ordinance Serial No. 25-133. Noted that he does not take

disagreements personally and believes debate is healthy. Shared that a former mentor once told him that elected officials vote for their own interests only once, in the voting booth, and that the rest of the time they should be voting in the best interests of their constituents.

Assemblymember Fonov stated that he would like Assembly meeting videos to be time stamped.

Ms. McKechnie advised that Granicus videos, which serve as the official Borough record, are already time stamped.

XIII. EXECUTIVE SESSION

There was no executive session.

XIV. ADJOURNMENT

The meeting adjourned at 9:28 p.m.
