

I MOVE to amend the IM 24-002, Schedule of Rates and Fees, by adding a rate change for Solid Waste, Central Landfill, by reducing the scrap metal rate for residential to \$0 to read as follows:

431	Public Works	Central Landfill (Disposal Areas)	Scrap Metal – per ton - commercial	\$75
			Scrap Metal – per ton – residential	\$0

The free residential scrap metal disposal will include items currently collected at the landfill such as washers, dryers, other appliances and decanted lawn equipment. Items that contain refrigerant will continue to pay a decanting fee. Commercial businesses will not be impacted by this change and will continue to pay the current rate for scrap metal disposal.
