MSB 4.10 Aviation Advisory Board (2 pp)
Ordinance Serial No. 23-007 (2 pp)

SUMMARY STATEMENT:

The Aviation Advisory Board (AAB) was developed to give a voice to the Matanuska-Susitna Borough's aviation community. The MSB has over 250 public and private runways, including eight ADOT&PF owned and operated airports. However, the MSB does not own or operate any airports.

The repeal of the Aviation Advisory Board is in no way a reflection of the work they have done in the past. Members of the AAB have provided valuable expertise to MSB projects and programs that needed to be viewed from an aviation lens. In 2016, the AAB advised in developing the Regional Aviation System Plan Land Use Guide. They also worked to develop the Aviation Overlay code for aviation activity noticing areas (MSB 17.10), which was repealed in 2022.

Aviation plays a pivotal role in many borough residents' lives and livelihoods; it is in the best interest of the Borough to make sure the perspective is still represented at the advisory level. This ordinance will ensure aviation expertise is maintained by changing one of the two "member at large" seats on the Transportation Advisory Board to an aviation seat.

RECOMMENDATION OF ADMINISTRATION:

Staff respectfully recommends the Assembly adopt Ordinance Serial No. 23-007 repealing the Aviation Advisory Board from Borough Code, and adding a seat to the Transportation Advisory Board for aviation interests.
