SUMMARY STATEMENT:

In 2011, the shelter seized around 157 sled dogs that were malnourished and in dire need of care. The public saw a need for our shelter to accommodate these dogs in a time of need and that we also needed adequate outdoor space for those instances of large animal seizures. There were monetary donations made by the public totaling \$121,318.00 with \$30,688.00 set aside for supplies/care for rescued dogs. The remaining balance is \$16,145.73. We would like to amend the scope of work for that project to include equipment, supplies and facility upgrades specifically for dog enhancement.

RECOMMENDATION OF ADMINISTRATION:

The administration supports this legislation, which will amend the scope of work for project 10151-4200-4203 to include equipment, supplies and facility upgrades specifically for dog enhancement.
