SUMMARY STATEMENT:

For several years, Borough staff, together with the Wastewater and Septage Advisory Board (WSAB), have researched and analyzed the Borough's needs for septage and leachate treatment, according to the direction of the Assembly.

On August 2, 2022, the Assembly held a special meeting to discuss landfill and septage issues. At this meeting, the Assembly directed discontinuation of the Borough's efforts toward analysis or development of a septage treatment facility.
