

WILLIWAU PROJECT

A photograph of a property cleanup site. In the foreground, there is a large pile of debris, including a white propane tank, a car door, and various pieces of metal and wood. Two workers in high-visibility yellow vests are standing near a black trash bag. In the background, there is a white car with significant damage, a red van, and a small building. The ground is covered with fallen leaves and grass. The text "178 Properties were cleaned to completion" is overlaid in white on a green rectangular background.

**178 Properties were
cleaned to completion**

The background image shows four people engaged in outdoor work. On the left, a person in a high-visibility vest and a patterned shirt pushes a blue wheelbarrow. Next to them, a person in a blue jacket and a wide-brimmed hat is also working. In the center, a person in a high-visibility vest and a blue jacket is pushing a wheelbarrow. On the right, a person in a high-visibility vest and a light-colored jacket is standing next to a wooden frame. The ground is covered in grass and some dirt, and there are trees in the background.

270 Volunteers

Primarily from The Church of Jesus
Christ of Latter-day Saints

A photograph showing a green sedan being towed by a black flatbed truck. The truck has "Junk Car Removal" written on its side. A person in a plaid shirt and jeans stands by the truck. In the foreground, a car's front end is on the ground. A person in a yellow vest is on the left. The background has trees.

39 Vehicles Removed

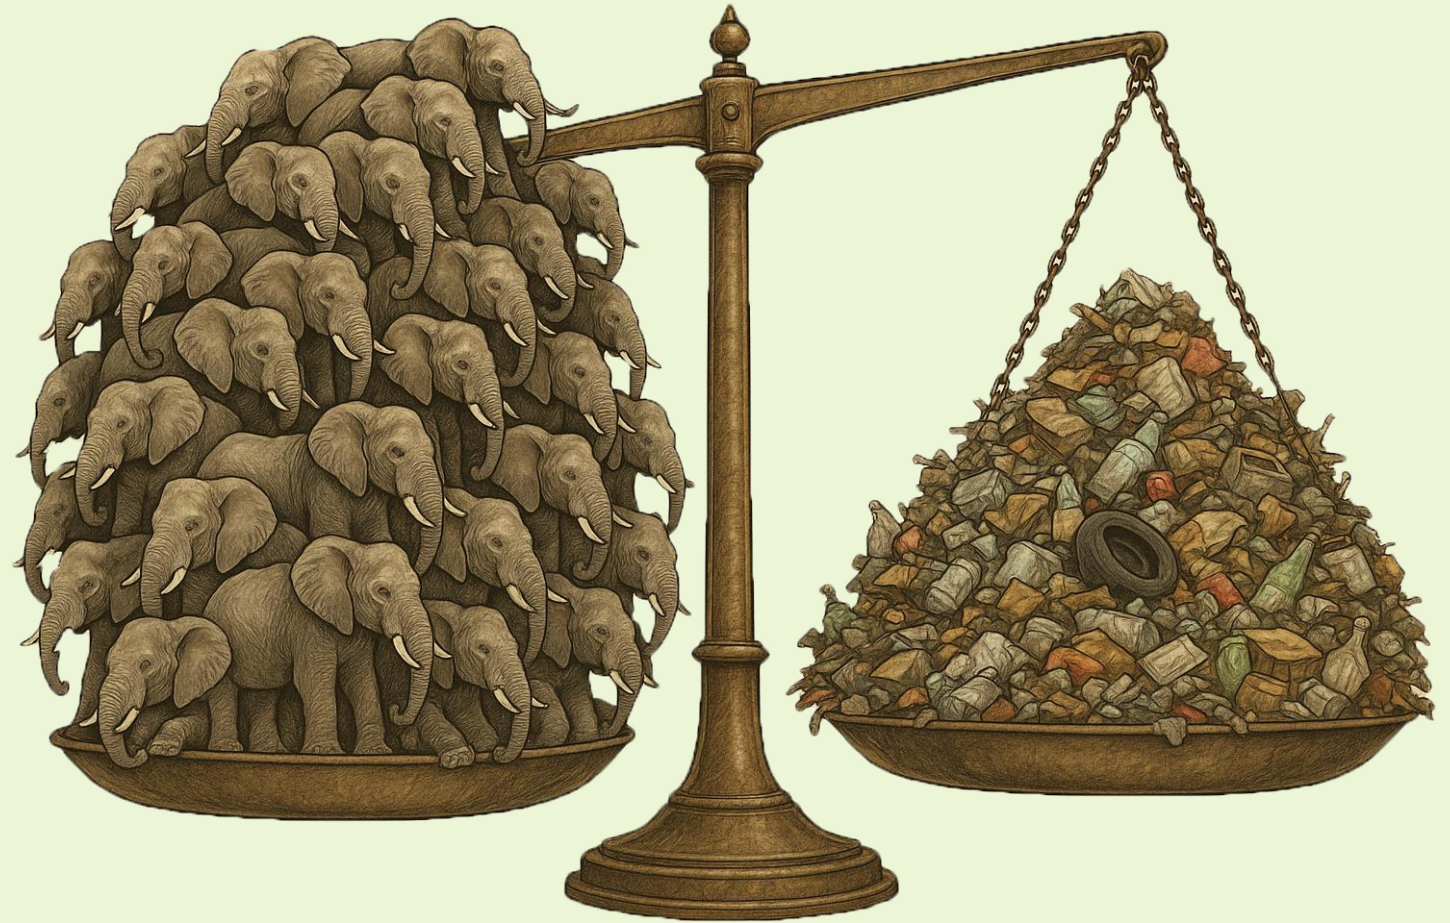

2.6 Tons Hazmat Removed

TOTAL TRASH REMOVED:

242 TONS

**EQUIVALENT TO 40
AFRICAN ELEPHANTS**

**TOTAL OF 61
40-YARD DUMPSTERS**

STATUS UPDATE

- Project Completion:** All major cleanup activities in Williwaw are finished.
- Projected Borough Expense:** Estimated total cost is \$65,637.
