**MATANUSKA-SUSITNA BOROUGH
FISH & WILDLIFE COMMISSION RESOLUTION SERIAL NO. FWC19-03**

A RESOLUTION OF THE MATANUSKA-SUSITNA BOROUGH FISH AND WILDLIFE COMMISSION IN SUPPORT OF THE CONCEPT THAT THE MATANUSKA-SUSITNA BOROUGH PROVIDE FOR SUPPLEMENTAL WETLAND MITIGATION FOR LARGE DEVELOPMENT PROJECTS THAT IMPACT WETLANDS AND DEGRADE SALMON HABITAT IN THE BOROUGH.

WHEREAS, the Matanuska-Susitna Fish and Wildlife Commission was created in February 2007 to represent the interests of the borough in the conservation and allocation of fish, wildlife, and habitat; and

WHEREAS, salmonid fish populations using Matanuska-Susitna Borough rivers and streams have seriously declined over the past 30 years; and

WHEREAS, the Matanuska-Susitna Borough contains 8 of the 16 salmon stocks of concern as of April 2019 for the state of Alaska; and

WHEREAS, the Matanuska-Susitna Borough Fish and Wildlife Commission has made positive strides in directing funds to local fisheries research and fish passage projects while encouraging stakeholder groups to prioritize fishery needs in Upper Cook Inlet and its critical watersheds; and

WHEREAS, the Fish and Wildlife Commission has successfully worked with the Alaska Department of Fish and Game and the Alaska Board of Fisheries to improve salmon returns for the Matanuska-Susitna Borough; and

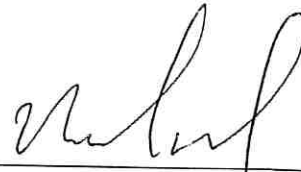

WHEREAS, the Commission continues to support robust opportunities for sport, subsistence, and personal use fisheries in the Matanuska-Susitna Borough and recognizes the importance of restoring historic health to threatened fisheries and the associated wetlands that remain critical for supporting salmon populations; and

WHEREAS, the Fish and Wildlife Commission recognizes the need for new development that may sometimes impact wetlands while supporting the concept of avoiding, minimizing, and mitigating these impacts; and

WHEREAS, some major developments that require wetland protection or mitigation may not be fully addressed by other agencies and regulatory bodies.

NOW, THEREFORE, BE IT RESOLVED, that the Matanuska-Susitna Fish and Wildlife Commission supports the concept that the Matanuska-Susitna Borough provide for supplemental wetland mitigation in addition to what other agencies and regulatory bodies may require in order to both protect and enhance the salmonid populations as the Matanuska-Susitna Borough continues to grow.

ADOPTED by the Matanuska-Susitna Fish and Wildlife Commission this 16th day of May, 2019.

MIKE WOOD, Chair
