

I MOVE to amend Ordinance 22-002 by inserting a new section 17.30.023 as follows:

17.30.023 Performance Standards for Exempt Activities

(A) Operations with annual extraction of greater than 2,000 cubic yards but less than 20,000 cubic yards shall:

(1) leave an undisturbed buffer within 100 linear feet from a lake, river, stream, or other water body, including wetlands; and

(2) construct and maintain a berm at least 10 feet tall around the entire gravel extraction area except for openings to allow for access and egress to the site.

(B) An operator desiring to use a method of screening that does not conform with (A)(2) of this section may apply for a conditional use permit for the entire operation in accordance with this chapter.
