Proposed Alaska LNG Route Map (1 pp)

**SUMMARY STATEMENT:** The AK-LNG project will provide natural gas for Alaska's in-state use and will support hundreds of jobs during its construction. The AK-LNG project will support many local communities in Alaska by supplying much-needed energy and jobs, and is estimated to cost \$44 billion in construction costs alone.

A Payment in Lieu of Taxes ("PILT") is another option for infrastructure to contribute to the community in which it is located, and can remove uncertainty and risk while also ensuring fairness to all involved. A PILT can also ensure that no one region receives a windfall at the expense of others, and it can be fair and equitable.

**RECOMMENDATION OF ADMINISTRATION:** Respectfully request approval.
