SUMMARY STATEMENT: Within the 2018 Solid Waste Enterprise Fund Capital Equipment Program and the Borough Assembly approved 2018 Operating budget, funds were approved for the Solid Waste Division of the Public Works Department to purchase a new Waste Container Hauling Truck (tractor). The amount approved in the budget was \$187,000.

This will be used for the daily hauling of 120 yard containers from the residential disposal area to the appropriate cell at the Central Landfill.

This truck will replace a 1995 Peterbuilt tractor with 273,000 miles and includes all necessary safety, operational equipment and accessories.

MSB 3.08.360 allows the borough to enter into procurement agreements when it is in the best interest of the borough. The National Joint Powers Alliance (NJPA) solicits, evaluates and awards contracts through a national competitive solicitation process on behalf of its members. Members can choose these contracts and procurement processes which satisfy borough solicitation requirements and avoid duplication of the process.

A cost proposal was requested, received and deemed acceptable from the National Auto Fleet Group which represents NJPA.

Delivery is expected within 120 days upon contract execution.

The Central Landfill is located in Assembly District 2.
