# Urban Designation

- ✓ Population greater than 50,000
- ✓ Now eligible for FTA urban transit funding (5307) as a small urbanized area
- ✓ Urban area transit services are no longer eligible for rural transit (5311) funding
- ✓ To maintain transit services, a local government entity must act as a Direct Recipient of urban transit (5307) funding
- ✓ On August 8, 2023, the Assembly voted unanimously to apply to become a Direct Recipient and pursue funding
- ✓ On November 6, 2023, The Governor of Alaska designated the MSB as a Direct Recipient of FTA funding

# Transit Continuity

## *Preferred Option: MSB Contracts with Transit Provider*

- **MSB is a direct recipient of FTA urban transit (5307) funding.**
- **Competitive bid process** in accordance with federal and MSB procurement procedures to contract with provider(s) to continue transit services.
- **Contractor would be responsible for meeting the federal requirements** of the program, such as operational policies, Title VI requirements, tracking of funds/fares and all other requirements applicable in the FTA Contractor's Manual.
- **Contractor would be responsible for maintenance** of rolling stock, garages/barns, staffing and associated payroll and human resource responsibilities.
- Because most transit services are currently provided by non-profit organizations **this option would allow continued funding to provide continuity of services.** Staff, rolling stock, facilities and operational policies and procedures are already in place and non-profits are using FTA rural transit (5311) funds, which have many of the same requirements as FTA urban transit (5307).

# Draft Non-Federal/Local Match Scenarios

Match contributor	Population	Per Person Cost	Scenario 1	Per Person Cost	Scenario 2
MSB UZA	54,039	\$ 25.75	\$ 1,391,504.25	\$ 21.00	\$ 1,134,819.00
City of Wasilla	9,061	\$ 25.75	\$ 233,320.75	\$ 21.00	\$ 190,281.00
City of Palmer	5,877	\$ 25.75	\$ 151,332.75	\$ 21.00	\$ 123,417.00
Non-Profit/Grants					\$ 330,000.00
<b>Total</b>			<b>\$ 1,776,157.75</b>		<b>\$ 1,778,517.00</b>

## **Scenario 1:**

This funding strategy does not include matching funds from NGOs, sponsorships, donations, or other grant funds. It allocates matching funds based on \$25.75/per person population of the governmental entity within the UZA

## **Scenario 2:**

This funding strategy includes approximately 80% funding from the MSB and other governmental partners, allocating \$21.00/person as match, and the remaining 20% of the matching funds from NGO's.

*\*these scenarios demonstrate the highest possible match requirement, utilizing 100% of the funding for operating expenses at a 50/50 match rate and not accounting for split letter results re: allocation to Alaska Railroad*
