SUMMARY STATEMENT:

The Alaska State Forestry Division requested nominations under their FY2023 Capital Improvement Program (CIP). Staff met with them to discuss potential projects that may fit under their CIP. It was determined that the Saw Crew Project would be nominated. The potential state funding has no match requirement. The required form is relatively informal and does not require the Borough Manager's signature. On December 8, 2022, a form was submitted requesting two years of State CIP funding for the Borough Saw Crew Project, which is estimated to complete the project.
