Question 1: Briefly explain why you are interested in serving on the board in which you are applying:

I am interested in serving on the Board for Advisory Review of Kennel Standards because I care deeply about animal welfare and the Mat-Su community. Having previously managed the Mat-Su Animal Shelter, I understand how kennel standards can impact animals, owners, businesses, the Borough and public safety. I would welcome the opportunity to use my experience to help review existing code and contribute to practical, balanced recommendations that serve the best interests of both animals and borough residents.

Question 2: List professional or personal experience that qualifies you for membership on the board.

As the former Manager of the Mat-Su Animal Shelter, I was responsible for overseeing daily shelter operations, animal care and welfare programs, staff and volunteer management, public outreach, ordinance compliance, and community partnerships. In that role, I worked closely with veterinarians, rescue organizations, animal control officers, local government agencies, and members of the public to address a wide range of animal welfare, public safety, and responsible pet ownership issues.

This experience provided firsthand insight into the practical application of animal-related ordinances, kennel operations, licensing and compliance concerns, and the challenges faced by both animal care organizations and pet owners. In addition to my shelter management experience, I bring a strong background in leadership, customer service, conflict resolution, and community engagement. These experiences have strengthened my ability to listen to diverse perspectives, evaluate issues objectively, and contribute thoughtfully to policy discussions and recommendations that serve the best interests of the borough and its residents.

Dear Mayor DeVries and Assembly Members,

I would like to submit my application for appointment to the Board for Advisory Review of Kennel Standards.

I am a retired educator with experience serving on boards and committees throughout my career. More importantly, I am a retired recreational dog musher and former kennel owner with more than twenty years of hands-on experience operating a sled dog kennel. Because I no longer own or operate a kennel, I believe I can bring both impartiality and practical knowledge to the board's work.

During my years as a musher and kennel owner, I was an active member of the Chugiak Dog Musers Club, Willow Dog Musers Association, and Mush With Pride. As a kennel owner in the Mat-Su Valley, I maintained a valid kennel license and regularly participated in kennel inspections conducted by borough officers. I always appreciated the professionalism and thoroughness of these inspections, as well as the recommendations provided to improve kennel operations and animal welfare.

I attended mushing symposiums in both Fairbanks and Willow and successfully completed the Norman Vaughan Serum Run in 2002 and again in 2007. In conjunction with these events, I worked closely with my teaching colleagues to create educational opportunities that allowed students to learn about Alaska's mushing heritage and the responsibilities involved in caring for working dogs.

As a member of the Willow Dog Musers Association, I served as liaison between the club and the Mat-Su Borough Animal Care and Regulation Department. In this role, I assisted with communication and outreach efforts following several large-scale dog seizures. When sled dogs were confiscated from a kennel in the Knik area, I visited Hiland Mountain Correctional Center to gather information on dogs available for adoption and shared that information with club members. I personally adopted one of the dogs. Later, when more than 160 dogs were seized from a breeding kennel (mostly Malemutes of all ages) of Willow, I again worked with the Mat-Su Animal Shelter to obtain and distribute information to prospective adopters and kennel owners. I also helped coordinate the distribution of donated dog food to kennels experiencing temporary financial hardship.

In addition, I spent my summers assisting Vern Halter with kennel tours at Dream A Dream Dog Farm. This experience provided valuable insight into the management and operation of a successful racing and tourism-based kennel.

Currently, I am employed at the Gateway Visitor Center and Mat-Su Convention and Visitors Bureau. Through this position, I regularly interact with visitors seeking authentic Alaska experiences, and sled dog tours remain one of the most popular attractions in the Mat-Su Borough. I look forward to continuing to support and promote responsible kennel operations and the positive role they play in our community.

I would be honored to contribute my experience, perspective, and commitment to animal welfare as a member of the Board for Advisory Review of Kennel Standards. Thank you for your consideration. I appreciate the opportunity to be considered for this appointment.

Sincerely,

MATANUSKA-SUSITNA BOROUGH - CLERK'S OFFICE

Abigail Anspaugh

9836 W Hollywood Rd, Wasilla, AK, 99623 | 614. 981. 9329. | abigail.anspaugh@gmail.com

I have over 10 years of experience working in shelter medicine, animal rescue, behavior assessment, and animal welfare operations. My background includes evaluating animal behavior, assisting with behavior management plans, volunteer coordination and management, adoption support, enrichment planning, and helping improve outcomes for shelter animals.

I have also volunteered on animal welfare and disaster response deployments with both the Humane Society of the United States (HSUS) and the ASPCA, where I assisted in large-scale animal care and emergency response efforts. These experiences strengthened my understanding of humane animal housing, kennel management, public safety concerns, and the importance of evidence-based welfare practices.

Currently, I work as a professional dog trainer and co-owner of The Better Companion in the Mat-Su community. My work focuses on positive reinforcement, behavior modification, community education, and increasing access to training support for pet owners, including underserved individuals and families who may not otherwise be able to access behavioral services. I regularly collaborate with local shelters, rescues, veterinary professionals, and community organizations to help support dogs and owners through training, behavior support, and responsible pet ownership education.

My combined experience in shelter operations, rescue work, volunteer management, behavior assessment, community outreach, and professional dog training provides a well-rounded perspective that I believe would be valuable in supporting the mission and responsibilities of BARKS.

Experience

CO-OWNER | THE BETTER COMPANION | MAY 2025 – PRESENT

- Designs and implements structured training curricula for puppies, adolescents, and adult dogs, including specialized classes for reactivity, fear, and impulse control

Alyssa Buser BARK application.

Briefly explain why you are interested in serving on the board in which you are applying:

I am interested in serving on this board because I have spent my entire life with dogs, and greatly care about their wellbeing. Dogs are truly our best friends and need to be taken care of as such. I have seen first hand that there is a lack of understanding of what good animal care is with borough animal control officers. I am hoping to lend my experience to help make sure this doesn't happen again.

List professional or personal experiences that qualify you for membership on the board.

You may attach a brief resume to highlight your qualifications:

I have worked in kennel and dog care environments since 2003. I grew up in Northern California, where animal care laws and standards are significantly stricter than in Alaska. My experience began working with a kennel that showed and raced Siberian Huskies. They had multiple Grand Champion show dogs and bred dogs that successfully completed the Iditarod. I began working as a dog groomer at 13 years old, which gave me firsthand experience recognizing both excellent and poor animal care practices. Through grooming, I learned the importance of regular brushing, nail trimming, coat maintenance, and overall health monitoring as essential parts of animal welfare. I later worked as a dog trainer, focusing primarily on positive reinforcement methods. I continue to educate myself on modern dog training philosophy and regularly consult with Finding Balance Dog Training. As a young adult through my early thirties, I also worked with dogs from the Placer County Animal Services. They frequently referred challenging northern breed dogs to me for rehabilitation and training. My role was to work with these dogs until they could successfully transition into safe, loving homes. I have also owned and operated my own dog sled tour business since 2018, where I am responsible for the daily care, conditioning, feeding, training, and overall wellbeing of a large kennel of working dogs. Operating a tourism-based kennel requires maintaining high standards of animal care, safety, cleanliness, professionalism, and public accountability. It has also given me extensive practical experience managing kennel operations, working with veterinarians, interacting with the public, and educating visitors about sled dogs and responsible animal care. I am lucky to have a network of dog professionals, veterinarians, and trainers that I can draw on for wisdom and advice. I believe my decades of hands-on experience across multiple areas of dog care, training, kennel management, grooming, rehabilitation, and mushing provide me with valuable knowledge that would allow me to contribute meaningfully to discussions regarding kennel standards and animal welfare.

1. Welcome

a. Roll Call

In attendance:

Scott Lindbloom

Lisa Robertson

Justen Johnson

Jay Brimhall

Absent:

Bill Johnson

2. Projects/Grants

- Mr. Tregaskes reported that Culvers submitted plans for construction that included an ADA access route from the sidewalk along White Mountain Road to their entrance.
- The 8th and McNeil sidewalk project was completed since the group's last meeting in November 2018.
- Arizona State Parks awarded the City of Show Low a grant to construct 2000 linear feet of trail in the Meadow along Show Low Creek. Part of the project includes the construction of ADA fishing nodes into Show Low Creek.
- The project from 11th to White Mountain Road will include an ADA compliant sidewalk
- The Arizona Department of Housing monitoring visit in April 2018 showed 100% compliance with respect to the ADA

3. Transit

- Ms. Robertson discussed new buses for the Four Seasons Connection that will be procured soon. Per the City's Agreement with the Arizona Department of Transportation, the buses will be outfitted with all standard ADA accessible features.

4. Other Discussion

- Snow removal discussion
- Mr. Lindbloom discussed with the others what he had seen in a recent trip to Trinidad, Colorado, including a trolley and other transit related items.
- Staff to present to the City Council at a future council meeting
- Next meeting will be on August 8, at 3pm in the Heritage Conference room at Show Low City Hall, 180 N. 9th St. Show Low, AZ 85901

5. Adjournment

COLORADO PARKS & WILDLIFE

ADA Accommodation Permits for Hunters with Disabilities

Colorado Parks and Wildlife offers reasonable hunting accommodation permits to customers with disabilities, as defined by the Americans with Disabilities Act (ADA). These accommodations are granted to individuals who have significant impairments to their daily major life functions, not on their ability to participate in specialized activities such as hunting.

Important facts about ADA Accommodation Permits:

- Colorado Parks and Wildlife does not honor accommodation permits or applications from other states and/or countries. Customers wishing to utilize an accommodation in Colorado must be approved through our application process to be granted an accommodation.
- Accommodation permits are not licenses; permit holders must still purchase hunting and fishing licenses to participate in these activities.
- Possession of an accommodation permit does not exempt the permit holder from obeying all hunting, fishing, and property-use laws.
- Accommodations may be granted on either a temporary or lifetime basis, depending on the information provided by the applicant's medical provider.

How to request an Accommodation Permit:

Hunters who wish to request an accommodation permit(s) should complete the ADA Accommodation Permit Application. Please note that applications may take up to 30 days to be processed.

Completed applications may be submitted by:

Mail SHALAMA	Email 720-602-6422
Colorado Parks and Wildlife Attn: ADA Accommodation Permits 6060 Broadway Denver, CO 80216	disability.apps@state.co.us 720-602-6422

Commonly Requested Accommodations

Note: this list is not all-inclusive and other accommodations may be requested for specific disabilities.

- Crossbow or Draw-Loc during archery season.
 - Conditions that typically qualify include: inability to reach above head, limited range of motion in arms and/or shoulders, decreased grip strength, decreased finger/hand coordination, inability to push

or pull, etc.

- **Shoot from motor vehicle/OHV**
 - Conditions that typically qualify you to shoot from a vehicle include: use of a prescribed mobility device such as a wheelchair, crutches, braces, etc., documented severe difficulty getting in/out of a vehicle, problems with standing or balancing, and/or a medically valid need for controlled temperature and environment. CPW does not grant accommodations to shoot from a public road.
- **Assistant to track and dispatch wounded game**
 - If you cannot track and retrieve wounded game, this accommodation allows an assistant to do it for you. CPW does not grant accommodations allowing off road OHV access for the purposes of game retrieval.
- **Scopes with magnification greater than 1X on crossbow**
 - Requires documentation of a visual disability in Section 2 as defined by the Americans with Disabilities Act (ADA). Hyperopia, myopia, and presbyopia are not considered disabilities under the ADA and will not qualify for an accommodation. Age-related visual impairments will not qualify. NOTE: CPW allows the use of non-magnifying scopes and red dot sights that magnify 1X or less with a Crossbow/Draw-Loc permit. This accommodation does NOT allow laser or battery operated/electronically powered devices that are attached to or incorporated into the crossbow which aid in range finding and/or aiming or a sighting device that emits light from a crossbow to the animal. The intent of these seasons is to provide a "primitive" style recreational opportunity for hunters.
- **Scopes on Muzzleloader**
 - Requires documentation of a visual disability in Section 2 as defined by the Americans with Disabilities Act (ADA). Hyperopia, myopia, and presbyopia are not considered disabilities under the ADA and will not qualify for an accommodation. Age-related visual impairments will not qualify. For example, this accommodation may be appropriate if you have a visual disability that does not allow you to focus on the front sight, rear sight, and animal at the same time.

Frequently Asked Questions

1. **How do I check on the status of an application I submitted?**
 - A. Applications submitted less than 30 days ago will not receive status updates due to the volume of applications we receive. If an application was submitted more than 30 days ago and the applicant has not received any notice, please reach out to us via email (disability.apps@state.co.us) or by phone (303-291-7235) for assistance.
2. **When should requests for temporary accommodation permits be submitted?**
 - A. 30-60 days before the start of the desired hunting season.
3. **Can previously submitted paperwork that was approved for a temporary accommodation permit be used to re-submit a temporary permit for this year's hunting seasons?**
 - A. No. Temporary accommodation permits must be resubmitted each year with an updated application and information from the applicant's doctor.
4. **Can CPW accommodate other disabilities with needs that may not be met by one of the above-mentioned permits?**
 - A. Colorado Parks and Wildlife may provide such accommodations if they are reasonably required to allow the customer to participate in wildlife recreation and do not significantly alter the purpose of the Division property or program for which the accommodation is requested, jeopardize the safety of the applicant or any other person, or pose undue hardship to the Division.
5. **Can a customer utilize their crossbow accommodation permit from another state while hunting in Colorado during archery season?**
 - A. No. Colorado does not honor crossbow, or any other accommodation permits, issued from other states or countries. The customer must be approved through the CPW application process to utilize a crossbow during archery season in Colorado.

6. Can customers with a Shoot from Vehicle/OHV permit use their vehicle/OHV on any roads while in the field?
 - A. Vehicle access and use is regulated by the specific land management agency or landowner of properties you wish to hunt. CPW cannot grant vehicle access, off-road access, or off-trail use on property not managed by CPW. Contact the appropriate land management agency (i.e. US Forest Service, BLM, etc) to obtain information on travel use and restrictions within their jurisdiction.
7. When utilizing the Aid to Track/Dispatch accommodation permit, does the permit holder's assistant have to use the same method of take as the permit holder?
 - A. Yes. The assistant must use the same method of take as the issued license and/or permit. For example, if the permit holder is utilizing a crossbow permit, the assistant must use either a crossbow or standard compound bow to dispatch the animal.

PROCEEDINGS AND DEBATES OF THE 115th CONGRESS, SECOND SESSION

House of Representatives

HONORING SCOTT LINDBLOOM

HON. TOM O'HALLERAN
of Arizona
in the House of Representatives

Tuesday, July 10, 2018

Mr. Speaker, I rise today to acknowledge Mr. Scott Lindbloom of Show Low, Arizona. Scott dedicates a significant part of his life to improving the lives of people like himself who have an intellectual or developmental disability. This week, the National Association of Councils on Developmental Disabilities is honoring Scott for his work to empower people with intellectual and developmental disabilities. I would like to offer my congratulations to him.

I met Scott at the Arizona Developmental Disabilities Planning Council booth at "Show Low Days" in June 2017. We spoke about Scott's work to advocate for critical legislation to meet the needs of people with developmental disabilities in my district. Scott believes, as I do, that every person, regardless of ability, should be able to participate fully in their community.

Our initial meeting helped kickstart the Disability Advisory Council in my district, the aim of which is gathering information from my constituents about whether federal programs and proposed legislation meets the needs of rural Northern Arizona residents with disabilities. The group now meets quarterly in the Arizona White Mountains.

In addition to his participation in the Disability Advisory Council, Scott also volunteers at the Show Low Chamber of Commerce, where he has helped to create internships for high school students with developmental disabilities so that they can gain workplace skills and experience.

I wholeheartedly congratulate Scott for receiving the Champion of Equal Opportunity Start Your Journey award and thank him for his work to improve the lives of people with intellectual and developmental disabilities.

Jamie,

I have taken a closer look at my slope work rotation and unfortunately I would only be able to attend the February, March, April and may meetings in person due to my slope rotation schedule. If this is a cause for my disqualification, my apologies, please retract my application. If however this does not preclude me from serving then I would be more than willing to do so.

Thank you.

Brian,

Thank you for your interest in serving on a Borough board! Your application will be on the agenda for the August 18, 2026, Assembly meeting to be considered. You can review your application status at <https://matsu.gov/boards> after August 8, 2026. Select the Vacancy Report button. While on the page please review the OMA Parli Training video in the upper right square under Training & Resources for procedures you will need to follow if selected for the board position.

You will be notified once your application has completed the process.

Again thank you for your interest and have a great day.

Very Respectfully,

Subject: Application for Board Member Position Talkeetna Sewer & Water Board

Hello Jamie,

Please accept this application for the open seat on the Talkeetna Sewer & Water Board. My wife and I own several Vacation Rental properties in Talkeetna and have attended several of the Board Meetings this year. I think I may be able to help with research and recommendations for improving the system in Talkeetna from an operational point of view.
