Assemblymember Bowles requested that Valley Transit provide ridership data regarding the number of riders who are going to opioid treatment or other medical services.

Assemblymember Bernier thanked everyone for attending. Said a prayer.

Assemblymember Nowers noted that the Borough does not contract with Valley Transit and has no authority to direct its operations; however, the possibility exists for the Borough to provide funding to help meet community needs. She spoke to the challenges of securing reliable transit services and opined that, given low commuter bus ridership, that Anchorage commuter route could potentially be redirected to support on-demand riders. She further commented that a more cost-effective commuter model for travel to Anchorage may be feasible. Stated that she does not support closing any schools and opined that the community was blindsided by an announcement that should have been made well in advance, allowing time for public input and potential solutions. Thanked the public for attending.

Assemblymember Bowles commented on the significant responsibility of ensuring public funds are spent appropriately to benefit all members of the Borough. He stated that serving as a member of the Assembly is a privilege.

Assemblymember Fonov thanked the public for attending.
