

I move to amend Ordinance 25-100 and IM 25-191 by striking \$4,092,915 and inserting \$4,614,597 in its place, from School Debt Service Fund Balance and delete the “re-appropriating \$521,681.23 in remaining insurance proceeds from the Mat-Su Central School Construction Project” through the legislation.

This amendment has come forward at the request of Administration.
