 Bid Analysis (1pg)

**SUMMARY STATEMENT:** Due to extreme rain events during the first part of December extra sodium chloride is needed to ensure safe roads for the public through the winter.

On December 18, 2017, the Matanuska-Susitna Borough issued solicitation 18-072B seeking bids from qualified contractors to supply and deliver sodium chloride for borough wide winter road maintenance purposes. In response to the advertisement two (2) bids were received.

The Matanuska-Susitna Borough utilizes sodium chloride in its winter road maintenance. This product is blended with the road sand and applied to areas where icing exists. The Borough had already purchased approximately 3,024 tons of sodium chloride to meet its needs for the coming winter. This was purchased utilizing the State of Alaska contract in order to take

advantage of their bulk pricing. The borough was unable to utilize the pricing for this purchase as orders needed to be placed and delivered prior to September 30<sup>th</sup>.

Delivery of the sodium chloride is required by February 15, 2018.
