

I move to amend IM 20-193 as follows:

Strike #57 “Rebarchek Historical and Youth Development Program” in the amount of \$65,000 and add \$65,000 to #39 “State Fair” to increase the total grant to \$515,000.

Upon further review of the proposed grant in item #57, the Borough Attorney has recommended against this use of CARES funds. However, in prior testimony before the Assembly, the Alaska State Fair indicated business losses of at least \$600,000. By increasing the amount of the direct grant to the Alaska State Fair, the Matanuska-Susitna Borough can grant additional needed assistance to the State Fair for general losses and expenses as outlined in the original IM for the grant.
