Road Service Area Road Improvement Project List
- Summer 2021 (24 pp.)
RSA Boards of Supervisors Resolutions (12 pp.)

SUMMARY STATEMENT: The Public Works Department Operations and Maintenance Division, in conjunction with Road Service Area Boards of Supervisors, has prepared a list of necessary road improvements throughout the sixteen road service areas.

Road Service Area Boards have filed resolutions in twelve of sixteen road service areas to support their respective projects. Four Road Service Areas have no resolutions because there were no quorums to support them. The projects identified are primarily a continuation of previously approved projects.

The attached list, entitled "2021 Road Service Area Road Improvement Project List" is a result of project identification, assessment, and prioritization between the Boards of Supervisors and Public Works staff.

Project funding sources will be road service area capital budgets. Should there be adequate funding, the projects marked with a "YES" in the funded column are proposed to be designed or completed during 2021. The projects marked "NO" in the funded column are needed but there are insufficient funds available for their inclusion in the 2021 construction schedule, unless additional funding becomes available or funded projects get delayed.

Upon approval of these projects by the assembly, development and competitive bidding will commence.

[EXTERNAL EMAIL - CAUTION: Do not open unexpected attachments or links.]

Lonnie,

I apologize for any inconvenience, I would like to ask for reconsideration on this topic so that I can have more time to work with Borough staff and my fellow Assembly members and be sure that I voted correctly on this matter.

Respectfully,

*Motion to reconsider was made and
passed on 1/19/21.*
