RE: 2021 Emergency Management Performance Grant, EMS-2021-EP-00001-S01
State Grant No.: 21EMPG-GY21

Mr. Brown:

We received funds from the Federal Emergency Management Agency (FEMA) under the 2021 Emergency Management Performance Grant (EMPG). We are pleased to award the Matanuska-Susitna Borough the amount of \$314,042.00 under this grant.

This amount reflects an increase from your jurisdiction's prior-year funding, made possible by an additional allocation from FEMA through the American Rescue Plan Act (ARPA). We want you to be aware that there is no indication at this time that ARPA funding will be available beyond this grant year. In addition, our agency is developing a new process for assessing future EMPG applications that will be discussed with grantees during the 2022 Alaska State Emergency Management Conference next Spring. Both the potential loss of ARPA funds, and the new calculation methodology may result in a reduction in future-year EMPG allocations.

EMPG performance includes but is not limited to the following:

- Accomplishment of activities identified in the jurisdiction's 2021 EMPG Work Plan.
- Update or completion of the Whole Community Input Form (WCIF).
- Development of a local jurisdiction Multi-Year Training and Exercise Plan (TEP) to be submitted to DHS&EM at the State's multi-year Training and Exercise Plan Workshop (TEPW). This event may be held in conjunction with the 2021 Preparedness Conference or by other means and conditions allow.
- EMPG-funded personnel should make every attempt to participate in no less than three exercises during the performance period. Exercises may be discussion-based (seminars, workshops, tabletop simulations) or operations-based (drills, functional exercises, full scale exercises). Sponsored opportunities by us may be available during the performance period. Real world events may not always count as exercise participation.
- Continued utilization and work towards adoption and implementation of the National Incident Management System (NIMS). The Alaska Assessment is the required means to report NIMS adoption and implementation.
- Complete the FEMA Independent Study Professional Development Series.
- Timely quarterly progress report submissions.
- Dollar-for-dollar, local, in-kind match.

EMPG funding allocations to local jurisdictions are a direct result of continued reporting on actual funds spent at the local level on emergency management activities. With that in mind, we encourage reporting all funds spent on emergency management activities even if they exceed the required match.

Completion of the Optional Financial Work Sheet for Identifying & Certifying Program Costs Worksheet available at <http://ready.alaska.gov/grants> may be submitted with the appropriate financial reconciliation in lieu of timesheets.
