May 15, 2026

Ordinance 26-058 proposes a natural resource severance tax, which is projected to annually generate \$956,000 in areawide. The estimated total revenue was calculated by estimating 80% of the total volumes for the current active sites and applying a \$0.25 tax rate.

To administer this tax, it is estimated that one full-time employee would be needed, costing approximately \$132,000 annually.
